# The Jeremiah Tree

Abundant Life Grows Here

"I was a lost soul, drugs were my go to. That is just what I did. I thank God that The Jeremiah Tree was here to help me find what true freedom in Christ really is."

## About The Jeremiah Tree

The Jeremiah Tree is a Christian discipleship house that specializes in helping men with drug and alcohol addiction. The men maintain a structured schedule, learn skills to prepare them for living independently, and complete hours of Bible study each day. These men in recovery are living together to rebuild their lives as a community and seek the type of freedom from drugs and alcohol that is only found in Jesus Christ. We exist solely on private donations from churches, businesses, and individuals, providing this service at no cost to our residents.

## What We Offer

### Drug and Alcohol Addiction

We provide our residents with a safe and clean living environment, clothing, and family-style home-cooked meals. At the same time, they participate in Bible Studies, counseling, and therapy sessions; all focused on recovery from drug and alcohol addictions.

## Social Skills and Community

Each resident is surrounded by people from all walks of life who serve as staff or volunteers to help each man take small steps each day toward making and maintaining healthy, sober, meaningful personal relationships that will extend well beyond his time living at The Jeremiah Tree.

## Life Skills

The residents are taught basic practical skills such as cooking, personal finance, and how to clean correctly, then practice those skills daily within the setting of The Jeremiah Tree.
